MALARIA - Tungabhadra Project anti-malarial operations construction of fish nurseries - Non-recurring expenditure Sanctioned.

Copy of letter No.R.No.1622-2-Mal.48, dated 12th June 1948, from the Director of Public Health, Madras, to the Secretary to Government, Education and Public Health Department, Madras.

Sub: Antimalarial operations - Tungabhadra Project - Construction of fish nurseries - Sanction - Requested.

***

It is now found necessary to provide some fish nurseries in the Tungabhadra Project camps for rearing gambusia fish for introduction in wells, tanks and ponds as an antimalarial measure. Three Fish nurseries may therefore be constructed one at the Tungabhadra Headworks camp, the second at Hagari works camp and the third at the canal camp, Adoni, The estimated cost of construction of the three fish nurseries is about Rs.2700/-.

2. In G.O.No.1556-P.H., dated 12-6-45 Government sanctioned under "Recurring" expenditure a sum of Rs.2000/- on account of fish nurseries in the Tungabhadra Project area. No expenditure on account of this has so far been incurred. It may be stated that no amount was however sanctioned under initial capital expenditure (non-recurring) for construction of the fish nurseries. In addition to the recurring expenditure of Rs.2000/- sanctioned in G.O.No.1556-P.H., dated 12-6-45 a sum of Rs.2700/- is required for meeting the capital expenditure of construction of the three fish nurseries which are estimated to cost Rs.900/- each.

3. I therefore request that Government will be pleased to sanction besides the recurring expenditure of Rs.2000/-, a sum of Rs.2700/- for construction of three fish nurseries in the Tungabhadra Project area. The expenditure may be apportioned between "68.Irrigation etc." and "39. P.H. etc." in the ratio of 2:1 as contemplated in G.O.No.769 P.H. dated 12-3-48.
